SECTION 1 - Legal framework and operating context

1.1 Statutory Framework

1.1.1 **The Parliamentary Ombudsman** (or Parliamentary Commissioner for Administration) draws powers from the Parliamentary Commissioner Act 1967, as since amended. **The Health Service Commissioner** (or **Health Service Ombudsman**) for England draws powers from the Health Service Commissioners Act 1993. These two roles are combined in the Parliamentary and Health Service Ombudsman. In law, the Parliamentary and Health Service Ombudsman is a corporation sole with personal jurisdiction. This is not consistent with modern requirements of good governance so the Ombudsman has appointed a unitary Board to strengthen the governance of the organisation.

1.1.2 The Ombudsman is appointed by His Majesty, for a fixed term not exceeding seven years. In the absence of a Permanent Ombudsman, an Acting Ombudsman may be appointed by His Majesty, for a fixed term not exceeding 12 months. An Acting Ombudsman draws the same powers as a Permanent Ombudsman from the Acts of Parliament described at paragraph 1.1.1 above. Therefore, all references to ‘the Ombudsman’ within this document may apply to either a Permanent or Acting Ombudsman.

1.1.3 The Ombudsman is answerable to Parliament and the Parliamentary and Constitutional Affairs Committee. Legislation sets out the basis of appointment; the remuneration arrangements; the appointment of officers in support, and that the Ombudsman has the power to conduct investigations, produce reports and to lay these before Parliament. There is substantial discretion vested in the role.

1.1.4 The Ombudsman is accountable to Parliament as **Accounting Officer** for the stewardship of resources. The Ombudsman discharges this accountability through assurance from the Chief Executive Officer (the Accountable Officer) and Executive Team, and through Board and Audit and Risk Assurance Committee assurance and challenge. The Ombudsman is also responsible for the sound governance and effective internal control of the organisation.

1.2 Role of the Parliamentary and Health Service Ombudsman

1.2.1 The Ombudsman performs three roles:

1.2.2 Ombudsman

1.2.2.1 The Ombudsman has statutory responsibility for final decisions on individual parliamentary and health service cases. The Ombudsman acts personally where we identify significant or repeated mistakes that may have system-wide relevance. To ensure that this extensive

casework is managed within a defined system of appropriate oversight, the Ombudsman has a scheme of delegated authority and has appointed a Deputy Ombudsman: the Director of Director of Operations, Legal and Clinical.

1.2.3 Chair of Board

1.2.3.1 As Chair of the Board, the Ombudsman can call upon a range of independent expertise from both external, independent non-executives with appropriate skills and from a team of qualified and experienced executive officers.

1.2.3.2 As the Chair of the Board, the Ombudsman promotes collective decision-making, but reserves the right, given the statutory requirements of the role, to depart from the Board's decisions but only as a last resort and with a commitment to put any reasons in writing.

1.2.3.3 The Chair will conduct annual development reviews for non-executive members and the annual review of the performance of the Chief Executive Officer (CEO). (For the avoidance of doubt, all references to the CEO in this document include the interim CEO where appropriate).

1.2.4 Accounting Officer

1.2.4.1 As set out in 'Managing Public Money' (HM Treasury, 2023) the Accounting Officer is the person who Parliament calls to account for stewardship of its resources. The Accounting Officer should ensure that the organisation operates effectively and to a high standard of probity. The PHSO is not obliged to adhere to 'Managing Public Money'. However, as this represents best practice, PHSO chooses to comply with the principles of 'Managing Public Money' insofar as they are relevant.

1.2.4.2 Under 'Managing Public Money', the organisation should:

1.2.4.2.1 Governance

- have a governance structure which transmits, delegates, implements and enforces decisions
- have trustworthy internal controls to safeguard, channel and record resources as intended
- work cooperatively with partners in the public interest
- operate with propriety and regularity in all its transactions
- treat its customers and business counterparties fairly, honestly and with integrity
- offer appropriate redress for failure to meet agreed customer standards

- give timely, transparent and realistic accounts of its business and decisions, underpinning public confidence.

1.2.4.2.2 Decision-making

- make all its decisions in line with the strategy, aims and objectives of the organisation and/or in legislation
- take a balanced view of the organisation's approach to managing opportunity and risk
- impose no more than proportionate and defensible burdens on business.

1.2.4.2.3 Financial management

- use its resources efficiently, economically and effectively, avoiding waste and extravagance
- plan to use its resources on an affordable and sustainable path, within agreed limits
- carry out procurement and project appraisal objectively and fairly, using cost benefit analysis and generally seeking good value for the Exchequer as a whole.
- use management information systems to gain assurance about value for money and the quality of delivery and so make timely adjustments
- avoid over defining detail and imposing undue compliance costs, either internally or on its customers and stakeholders
- have practical documented arrangements for controlling or working in partnership with other organisations, as appropriate
- use internal and external audit to improve its internal controls and performance.

1.2.4.2.4 In particular, the Accounting Officer must personally sign:

- the accounts;
- the annual report;
- the governance statement;

and having been satisfied that they have been properly prepared to reflect the business of the organisation, must personally approve:

- voted budget limits; and
- the associated Estimates Memorandum.

1.2.4.2.5 There are several other areas where the Accounting Officer should take personal responsibility:

- regularity and propriety, including securing Treasury approval for any expenditure outside the normal delegations or outside the subheads of Estimates;
- affordability and sustainability: respecting agreed budgets and avoiding unaffordable longer-term commitments, taking a proportionate view about other demands for resources;
- value for money: ensuring that the organisation's procurement, projects and processes are systematically evaluated to provide

confidence about suitability, effectiveness, prudence, quality, good value judged for the Exchequer as a whole, not just for the accounting officer's organisation;

- management of opportunity and risk to achieve the right balance commensurate with the institution's business and risk appetite;
- learning from experience, both using internal feedback and from right across the public sector;
- accounting accurately for the organisation's financial position and transactions, to ensure that its published financial information is transparent and up to date; and that the organisation's efficiency in the use of resources is tracked and recorded.

1.2.4.2.6 Should the Accounting Officer be unavailable for a prolonged period of time, in accordance with 'Managing Public Money', HM Treasury will be asked to appoint the Chief Executive Officer and Deputy Ombudsman as Acting Temporary Accounting Officer, who will assume full responsibility for the above in the Accounting Officer's absence.

1.3 Role of the Board

1.3.1 There is no requirement in legislation for the Ombudsman to appoint a Board. The role of the Board is therefore at the discretion of the Ombudsman and as a result, is advisory in nature. The Board makes collective decisions about the strategic direction and performance of PHSO. In practice, the Board works as a fully functioning unitary board, but has no responsibility for individual cases.

1.4 Role of the Chief Executive Officer (CEO)

1.4.1 The role of the CEO is to lead the organisation to deliver its strategic, financial and operational objectives, as defined in the corporate strategy, the annual business plan and expenditure limits. Leadership must be exercised following direction of the Board in the context of approved policies.

1.4.2 The CEO reports to the Board, in respect of organisational performance, and has performance of certain specific statutory responsibilities officially delegated by the Ombudsman, and financial responsibilities delegated by the Accounting Officer. These are set out in the scheme of delegation.

Section 2 - Standing Orders and Terms of Reference for Board and Committees

2.1 Standing Orders

- 2.1.1 These Standing Orders set out the basic rules and procedures for the PHSO's Board and its committees (with appropriate alteration). All non-executive and executive Board and Committee members must be aware of them and be familiar with the details.
- 2.1.2 At any meeting, the Chair has the final decision on the interpretation of the Standing Orders (on the advice of the Chief of Staff).
- 2.1.3 It is the duty of the Chief of Staff to ensure that existing Board members and Officers are notified of and understand their responsibilities within the Board Standing Orders, the Scheme of Delegation, the Finance Code, the Procurement Code and the Code of Conduct, Ethics and Propriety for Board members.
- 2.1.4 The Standing Orders, the Scheme of Delegation, the Finance Code and the Code of Conduct, Ethics and Propriety for Board members will be reviewed regularly (every two years for the Finance Code and Scheme of Delegation and annually for the remaining) by the Audit and Risk Assurance Committee. All changes must be approved by the Board. Updated copies will be made available to the whole organisation via the PHSO intranet (Ombudshub) and the PHSO website following the completion of any review.

2.2 Schedule, arrangements for and conduct of meetings

- 2.2.1 As far as practicable, a diary of Board and Committee meetings will be put in place a year in advance.
- 2.2.2 The Chair will give such directions as they think fit in regard to the arrangements for meetings, including accommodation of the members of staff, so as to ensure that business may be conducted without interruption and disruption and the confidential nature of any business can be respected when required.
- 2.2.3 At least 21 days' notice of an ordinary meeting will be given to members. A special meeting may be called at any other time by the Chair with a minimum of one week's notice.
- 2.2.4 Any meeting shall be convened by the Governance Team by notice addressed to each member and stating the purpose of the meeting, whether for general business or any named special business. At a meeting convened for special business, no other business shall be dealt with except that given in the notice, unless the Board or Committee by a resolution agrees to consider any other business.

2.2.5 No part of any meeting shall be filmed, recorded or broadcast in any manner without the express permission of the Chair.

2.3 Agenda and papers

2.3.1 The final agenda will be approved by the Chair. The Governance Team will then send details of the business to be considered to each member, at least five working days before the day of the meeting. A start time will be included on the agenda.

2.3.2 No business other than that which has been included in the agenda, or any raised under 'Any other business' and accepted as such for discussion by the Chair, will be discussed at any meeting, with the exception of urgent business which may be discussed with the prior consent of the Chair. The Chair has the discretion to alter the order of the agenda at the meeting.

2.3.3 In the case of special meetings, the requirements may be varied as circumstances require.

2.4 Minutes of meetings

2.4.1 Minutes will be taken at each meeting by a member of the Governance Team who will record the attendance of members and all decisions made and the reason(s) for such decisions. Action points and minutes should be circulated to the Chair within 21 calendar days.

2.4.2 The Chair will agree the minutes before they are submitted for approval at the next ordinary meeting.

2.5 Attendance

2.5.1 Members are expected to attend meetings of the Board and of any other Committee where they serve in their capacity as a member or as Chair.

2.5.2 Once noted in the minutes as attending a meeting, members are expected to remain until business has been completed or the meeting otherwise terminated. In exceptional circumstances members may leave early by prior arrangement with the Chair. Where a member is not present for the whole of the meeting, the minutes must indicate for which items the member was present at the time of determination of the item.

2.5.3 The names of others 'In Attendance' at the meeting must also be recorded in the minutes.

2.5.4 A member failing, without reasonable cause, to attend 50 per cent of meetings in any 12-month period will be regarded as having made an insufficient contribution to the PHSO Board. This will be taken into account in the annual performance and development review and any reappointment. In exceptional circumstances, the member may obtain prior permission from the Chair for a leave of absence from attending Board meetings for a defined period.

2.6 Adjournment

2.6.1 The Chair may adjourn a meeting to a fixed day and time, as directed by the meeting. Notice of the adjourned meeting shall be given to all members if a meeting is adjourned for seven days or more.

2.7 Declarations of interest

2.7.1 No member may speak, vote or in any other way participate in debate where they have, or could be perceived to have, a personal interest in the matter under discussion except with the permission of the Chair.

2.7.2 Where a member has an interest in any matter under discussion, they should inform the Chair at the beginning of the meeting and, as needed, during the course of the meeting. The Chair may direct that any member with an interest will leave the meeting for the duration of the discussion.

2.7.3 Although members take no part in casework decisions, in the event that any member has any real or perceived connection with an organisation where a casework decision is discussed, they should remove themselves from the meeting for the duration of that discussion.

2.7.4 Members should err on the side of caution in making declarations. Failure to declare an interest will be regarded as a serious breach of the Code of Conduct (set out in Section 3). If the withdrawal of a member makes the meeting inquorate, the meeting can continue but no decisions can be made.

2.8 Decision Making and Collective Responsibility

2.8.1 As an advisory Board, the Board will endeavour to make decisions primarily by consensus. Only if this proves impossible will questions be decided by vote by a majority of members of the Board present. In the event of a tie, the Chair has the casting vote.

2.8.2 A record of the number of members voting for and against any recommendation at a meeting should be taken. A record of the number of members abstaining from a vote should also be taken.

Members are required to support all Board decisions on the basis of collective responsibility even where they have voted against the decision.

2.8.3 Members may be asked to approve recommendations outside of meetings, by email or any other electronic means, if time requires a decision to be made. Approval will require five votes in favour of the recommendation.

2.8.4 Where it is known at a meeting of the Board that a decision is required to be taken before the next meeting, members will be informed at the meeting. Where a matter arises between meetings it will only be considered outside of a meeting with the permission of the Chair.

2.8.5 Any request for a Chair's action will be supported by a report of an executive Board member or relevant director on the matter, together with the reasons for the urgency, and submitted to the Governance Officer. The Chair's action report and decision should be signed by the CEO prior to submission to the Chair.

2.8.6 The Governance Officer will keep the original signed Chair's action report and maintain a register of decisions taken by Chair's action and make arrangements for Chair's actions to be reported to the next Board meeting.

2.8.7 A Chair's action must not be used to revoke or vary the Governance Framework.

2.9 Effect of vacancies on the validity of proceedings

2.9.1 The validity of any proceedings of the Board shall not be affected by:

2.9.1.1 A vacancy among the members of the Board;

2.9.1.2 The participation of a member who has been subsequently suspended or removed from the Board.

2.10 Board Committees

2.10.1 The Board will establish an Audit and Risk Assurance Committee, Remuneration and Nominations Committee, and a Quality Committee. The Board may establish such other committees as it thinks fit and delegate work to those committees. The Board will approve the appointments to each of the Committees which it has formally constituted.

2.10.2 The Chairs of the Board's Committees will be appointed by the Board and will each hold office for the remainder of their term as non-

executive Board member. Each Committee Chair will be a member of the Board.

2.10.3 The Board will approve the terms of reference for its Committees at least every two years. Membership of the Committees will consist of non-executive Board members unless agreed that an independent member is appointed. If agreed the independent member is appointed for a term of two years, renewable up to a maximum term of five years. The independent member may resign from the Committee by writing to the Chair of the Committee providing 30 days' notice.

2.10.4 A one-page summary of the meeting is submitted to the next Board meeting. Committee chairs will report annually to the Board on the work of the committee.

2.11 Board and Committee Secretariat

2.11.1 The Secretariat will:

- Agree the agenda with the Chair in line with the agreed forward programme to allow sufficient time for preparation and approval of reports.
- Upload the agenda with supporting documentation on AdminControl at least five working days before the meeting.
- Produce a minute of the attendees, proceedings and decisions, including further action required within specified timeframes.
- Confidential items will be subject to a separate record and will not be made available beyond members and other necessary recipients.
- Maintain a rolling log of actions and submit it to each meeting for review.
- Keep and maintain a register of members' interests.
- Maintain a forward programme of items for future meetings.

2.12 Communication

2.12.1 There should be a page on the PHSO's intranet dedicated to governance matters. This should include a copy of this Governance Framework and the contact details of all Governance Team members.

2.13 Suspension of Standing Orders

2.13.1 Except where this would contravene any statutory provision or any direction made by the Board, any one or more of the Board Standing Orders may be suspended at any meeting, provided that at least two-thirds of the Board are present, and that a majority of those present vote in favour of suspension.

- 2.13.2 A decision to suspend Board Standing Orders will be recorded in the minutes of the meeting. No formal business may be transacted while Board Standing Orders are suspended.
- 2.13.3 A separate record of matters discussed during the suspension of Board Standing Orders must be made and must be available to the Chair and Board members.
- 2.13.4 The Audit and Risk and Assurance Committee must receive a report of every decision to suspend Board Standing Orders.

2.14 Approval, Variation and Amendment of Board Standing Orders

- 2.14.1 These Board Standing Orders and any amendment to them can only be approved if:
- A notice of motion has been given (i.e. at least 10 working days in advance).
 - No fewer than half the total of the Board members vote in favour, either in person or in writing.
 - At least five of the whole number of the Chair and Board members appointed participate in the ballot.
 - The variation proposed does not contravene a statutory provision or direction made under the governing legislation.

2.15 Board Terms of Reference

2.15.1 Purpose

2.15.1.1 The purpose of the Board is to make collective decisions about the strategic direction and performance of PHSO.

2.15.2 Responsibilities

2.15.2.1 The Board is a non-statutory unitary Board established at the discretion of the Ombudsman. To deliver its role, the Board focuses on:

- Strategy, planning and policy
- Development of the organisation to deliver its strategic aims
- Governance, including risk and assurance
- Performance, including financial, service quality, and operations.

2.15.2.2 The Board has no responsibility for individual casework decisions or investigations. These remain the responsibility of the Ombudsman, managed within the Scheme of Delegation. Any changes to the PHSO service model which may significantly impact on the reputation of PHSO must be brought to the attention of the Board.

2.15.2.3 Matters reserved for the Board include:

- Vision, mission, strategy and key policies¹
- Annual business plan and budget
- Annual Report and Accounts
- All non-pay expenditure above £500k whether a single item, over the life of a single contract or constitutes the total cost of a project.

2.15.2.4 The personal accountability of the Ombudsman derived from statute is pre-eminent. Reflecting this statutory accountability, the Ombudsman has the right to disagree with Board decisions but will do so as a last resort and should put reasons in writing to the Board.

2.15.3 Frequency of meetings

2.15.3.1 The Board will meet at least seven times per year for general business. Four meetings will consider the Quarterly Corporate Performance Report after the end of each quarter. A meeting in the spring will agree the Business Plan and budget for the forthcoming business year.

2.15.3.2 A special meeting will be held to sign off the Annual Report and Resource Accounts. An away day will usually be held annually

¹ Key policies are defined as the Governance Framework, the Finance Code, the Procurement Code, the Code of Conduct, Ethics and Propriety and the Service Charter.

consider strategic priorities for the period ahead. One of the Board meetings each year will include a Board effectiveness review.

2.15.4 Reporting

2.15.4.1 Minutes of Board meetings will be drafted and circulated within 21 calendar days. Minutes will be submitted to the next ordinary Board meeting for approval.

2.15.5 Access

2.15.5.1 Where circumstances permit, staff members will be invited to observe the unrestricted part of the meeting (up to five staff members per meeting). The PHSO Board will operate in an open and transparent fashion, publishing minutes except where confidentiality necessitates discussions being held in private, or for some other special reason such as commercial sensitivity.

2.15.6 Membership

2.15.6.1 The Chair will be taken at all Board meetings by the Ombudsman. If for any reason the Ombudsman is absent from a meeting of the Board, the meeting will be chaired by the Senior Independent Member (SIM).

2.15.6.2 The membership of the Board consists of both executive and non-executive members, with non-executive members in the majority. Total members will not exceed 13, including the Chair.

2.15.6.3 Directors attend Board meetings to provide advice in respect of their areas and contribute to discussions, but are not Board members.

2.15.6.4 The Chair may appoint a Senior Independent Member (SIM). The duties of the SIM are:

- Act as a sounding board for the Chair on Board matters
- Be the focal point for Board Members for any concerns regarding the Chair, or the relationship between the Chair and the Chief Executive
- When asked by the Chair and Board, the SIM will act as the main point of contact with Parliament for the appointment of a new Ombudsman
- Review and approve the Chair's expenses

2.15.6.5 A Board member may resign their position on the Board by giving 30 days' notice in writing to the Chair.

2.15.7 Appointment to the Board

2.15.7.1 There is no requirement in legislation for the Ombudsman to appoint a Board. The role of the Board is therefore at the discretion of the Ombudsman and as a result, is advisory in nature. Non-executive

members will be appointed by the Ombudsman after fair and open competition as set out in the 7 Principles of Public Life. Non-executive members will be appointed on the recommendation of the Remuneration and Nominations committee for a term of no more than three years, renewable for one further term only. Appointment will be through an open and transparent recruitment and selection process.

2.15.7.2 The CEO and Chief Operating Officer (COO) will be *ex-officio* executive members of the Board. The CEO and COO will be appointed by the Board on the recommendation of the Remuneration and Nominations Committee.

2.15.7.3 The Remuneration and Nominations Committee will determine the recruitment and selection process. For the COO, the CEO will be a member of the selection panel.

2.15.8 Quorum

2.15.8.1 The quorum will be five and non-executives must be in the majority. A meeting of the Board shall stand adjourned if fewer than five Board members are present. Where a meeting becomes inquorate, business transacted before the meeting was inquorate will not be invalidated by the later lack of quorum.

2.15.9. Effectiveness reviews

2.15.9.1 The Board will conduct an annual review of its own effectiveness in respect of these functions.

2.15.9.2 The Board will review its own Standing Orders and Committee Terms of Reference every two years.

Annex A

2.16.11 Considerations for the Audit and Risk Assurance Committee in respect of PHSO's Resource Accounts

2.16.11.1 Before the Accounting Officer signs off the Annual Report and Financial Statements, the Committee should scrutinise:

- that the accounting policies in place comply with relevant requirements, particularly the Treasury's Financial Reporting Manual and Accounts Direction;
- that there has been a robust process in preparing the accounts and annual report;
- whether the accounts and annual report have been subjected to sufficient review by management and by the Accounting Officer and/or Board;
- that when new or novel accounting treatments arise, whether appropriate advice on accounting treatment has been taken;
- whether there is an appropriate anti-fraud policy in place, and whether losses are suitably recorded;
- whether suitable processes are in place to ensure accurate financial records are kept;
- whether suitable processes are in place to ensure regularity and propriety is achieved; and
- whether issues raised by the External Auditors have been given appropriate attention.

2.16.11.2 The Committee should satisfy itself that the annual financial statements represent fairly the financial position of the organisation.

- 2.18.1.3 The Quality Committee plays an essential role in providing oversight and assurance of implementation of the Quality Programme and the Quality Assurance Framework, as well as the Service Charter, a vital area of PHSO's work. The Quality Programme and Assurance Framework ensures that PHSO has a clearly defined and effective approach to service improvements and makes high quality casework decision. The Service Charter explains what can be expected from PHSO when we are asked to look into a complaint. This is to give complainants confidence in our service and our decisions.

These ensure that PHSO provides high quality casework decisions and that organisations we investigate comply with the recommendations. Decisions and our recommendations will be clearly visible to the public through the casework publishing platform on our website.
- 2.18.1.5 Successful implementation of the Service Charter - ensuring the behaviours and commitments it sets out become part of the day-to-day working culture of PHSO - is essential to everything that PHSO does. PHSO must be able to accurately and confidently assess how it has delivered against each of the Service Charter commitments. It must be able to identify any shortcomings and set in place clear action plans to address these.

2.21.2.2 As with the work of the Board itself, any additional activity undertaken by non-executive members is advisory in function, offering challenge and support.

2.21.2.3 This activity should align with the Board's responsibilities namely:

- Strategy, planning and policy
- Development of the organisation to deliver its strategic aims
- Governance, including risk and assurance
- Performance, including financial, service quality, and operational

2.21.2.4 This activity may not include consideration of or contribution to individual casework decisions or investigations, which remain the responsibility of the Ombudsman, managed within the Scheme of Delegation.

Section 3- Codes of Conduct, Ethics and Propriety, Fit and Proper Person Policy

3.1 The PHSO Values

All Board Members are expected to abide by and exemplify the Values.

- 3.1.1 Independence - we are independent from organisations we investigate, holding them to account for service failure.
- 3.1.2 Fairness - we listen carefully to complainants and the organisations we investigate and we make impartial and fair decisions based on relevant evidence.
- 3.1.3 Excellence - we learn from engagement with complainants and organisations we investigate to improve our accessibility, efficiency and effectiveness and the quality of our decisions.
- 3.1.4 Transparency - we communicate with those using our service and then publish information about our findings, how we are performing, and how organisations we investigate have implemented our recommendations.

3.2 Code of conduct

- 3.2.1 Members of the Board must observe the Cabinet Office Code of Conduct for Board Members of Public Bodies 2011 (Cabinet Office, 2011) whenever they conduct the business, or act as a representative of the Board.
- 3.2.2 This contains guidance on:
 - Use of Public Funds
 - Allowances
 - Gifts and Hospitality
 - Use of Official Resources
 - Use of Official Information
 - Political Activity
 - Employment and Appointments
- 3.2.3 Members of the Board are also required to observe the Nolan Principles of standards in public life:

Principle	Description
Selflessness	Holders of public office should act solely in terms of the public interest.
Integrity	Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.

Objectivity	Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.
Accountability	Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.
Openness	Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.
Honesty	Holders of public office should be truthful.
Leadership	Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

3.3 Register of Interests

- 3.3.1 The Chief of Staff will establish and maintain a Register of Interests to record the interests of the non-executive and executive Board members. These details will be updated at least annually and confirmed at the first Board meeting of the financial year. At any time during the year, the Chief of Staff may amend the register to take account of changes recorded in any supplementary statement lodged (not later than 10 clear working days after a statement of interests is lodged).
- 3.3.2 The Chief of Staff will write annually to non-executive and executive Board members reminding them of the continuing requirements of these Board Standing Orders, but responsibility for registration of interests lies solely with the Board members. The Assistant Director of HR will ensure that all PHSO employees including staff appointed through an agency are reminded of the need to register any interests on appointment and to keep the declaration up to date.
- 3.3.3 Initial registration of interests must not be made later than 21 days after the date of accepting office as a non-executive or executive Board member. Omissions or corrections must be notified to the Chief of Staff immediately, if, after lodging a statement, a Board member becomes aware that they, or any member of his or her family, has a registrable interest in respect of which they have not lodged a statement. This is also the case if they realise that they have an interest which they thought did not need to be registered, but which is in fact later identified as a registrable interest. Changes to interests must be notified to the Chief of Staff within 21 days after they have occurred.

3.4 Voluntary statements

- 3.4.1 A non-executive or executive Board member who has an interest which may be relevant to proceedings of PHSO but which is not a registrable interest, may at any time lodge with the Chief of Staff voluntarily, a written statement giving details of the interest, including the date on which the interest was acquired. Board members may choose to provide details of any interest which they are not required to register, but which they think may be relevant and which they wish to register.

3.5 Interests to be registered

- 3.5.1 All relevant and material interests, whether pecuniary or non-pecuniary, must be registered. Non-executive and executive Board members need only register, at the point of initial registration, interests that they have at the date of their acceptance of office. They also need to register any interests that they held at least five years before they accepted office but no longer hold.

3.6 Type of information

- 3.6.1 PHSO's "General Notice of Interests to be Registered" form should be used as a guide by non-executive and executive Board members to register their interests. All statements lodged must contain such details of any registrable interest and such other information as are necessary to identify clearly the nature of the interest and, where relevant, its source.

3.7 Declarations of interests

- 3.7.1 Non-executive and executive Board members must declare any interests in proceedings being considered by the Board and its Committees. Even if a Board member has already registered an interest, it should still be declared at the appropriate time when participating in proceedings. It might be appropriate for a member to declare an interest that does not have to be registered; however, having declared this interest, the member should then consider registering it.
- 3.7.2 Considering whether to declare an interest in proceedings, the member must consider not only whether they will be influenced, but also whether anybody else might reasonably think that they might be influenced by the interest. The test to be applied is:
"Would the interest prejudice, or could it give the appearance of prejudicing, their ability to participate in the proceedings of the Board relating to that matter in a disinterested manner?"
- 3.7.3 It is the personal responsibility of each Board member to judge whether an interest requires declaring, but they are advised to err on the side of caution. The interests of a Board member's spouse or domestic partner should also be considered in this context. If there is any doubt

about the relevance of an interest, this must be discussed with the Chair or the Chief of Staff.

3.7.4 Timing of declarations

- 3.7.4.1 Board members must declare any interest:
- At any proceedings of the Board and its committees, where a matter affecting a declarable interest is considered, or
 - At meetings of any outside body to which they are appointed or nominated, or
 - In other circumstances where they are active in a role other than for the PHSO.

3.7.5 Making a declaration

- 3.7.5.1 Where there is an interest that must be declared, it must be:
- At the commencement of the proceedings in response to the
 - formal request from the Chair for the declaration of interests, or
 - If the member is unaware of the interest at the commencement
 - of the proceedings, as soon as they become aware of the
 - interest.

- 3.7.5.2 When an interest is declared, the Board member is required to make an oral statement declaring the nature of the interest if requested to do so by the Chair.

3.8 Ceasing to have an interest

- 3.8.1 If, after lodging a statement of their interests, a Board member ceases to have an interest detailed in that statement, they are encouraged (but are not required to) lodge with the Chief of Staff a written statement giving the date on which the interest ceased. These statements will ensure that the Register is kept up to date at all times.

3.9 Effect of declaring an interest

- 3.9.1 Non-executive and executive Board members may speak, but may not vote, on matters in which they have an interest that needs to be declared, unless the interest is considered by the Chair of the meeting to be of such a nature as to disqualify him or her from speaking on the matter, and must be reported to the meeting and recorded in the minutes.

- 3.9.2 Where a Board member has an interest by reason only of a beneficial interest in securities of a company's activity in the lesser of £5,000 or 1% of the total value of the company, this does not prohibit the Board member from voting on any question with respect to it, without prejudice to their duty to disclose that interest.

3.10 Recording of interests in the minutes

3.10.1 At the time Board members' interests are declared, they must be recorded in the minutes of the meeting. Any changes in interests must be declared at the next meeting following the change occurring and recorded in the minutes of that meeting.

3.11 Fit and Proper Person Process

3.11.1 All members of the Board, Directors, Ombudsman and Deputy Ombuds are required to confirm annually that they are fit and proper to carry out their roles. The process also allows for additional senior staff to complete the declaration as deemed appropriate. This includes the Chief of Staff.

3.11.2 The Chief of Staff to seek annual declarations and to report the findings to ARAC on an annual basis.

SECTION 4 - Assurance Framework

4.1 Purpose

4.1.1 HM Treasury defines an Assurance Framework as:

‘... a structured means of identifying and mapping the main sources of assurance in an organisation, and co-ordinating them to best effect.’

- Assurance Frameworks, HM Treasury December 2012

4.1.2 In line with this definition the purpose of PHSO’s Assurance Framework is to:

- Provide a clear shared corporate understanding of what assurance means for PHSO;
- Identify the areas the business is seeking assurance on;
- Identify the sources of assurance that meet the requirement;
- Set out the process whereby assurance is provided and the key principles, accountabilities and responsibilities to ensure this is effective; and
- Provide sufficient, continuous and reliable assurance on corporate stewardship and the management of the major risks to successful delivery of strategic aims and objectives and achieving value for money.

4.1.3 PHSO’s Assurance Framework is part of the organisation’s governance documentation.

4.2 What is meant by Assurance?

4.2.1 The Institute of Internal Auditors define assurance as:

‘... an objective examination of evidence for the purpose of providing an independent assessment on governance, risk management, and control processes for the organisation.’

- Institute of Internal Auditors Practice Advisory 2050-2

4.2.2 For PHSO assurance is required in respect of assessing the planned delivery of our strategic aims and objectives, the effectiveness of control frameworks associated with key business processes, and the operation of governance and risk management arrangements.

4.3 Assurance Principles

4.3.1 The following principles are applied to the delivery of assurance activity within PHSO:

- Assurance will be risk based;
- Assurance will reflect accountabilities set out in PHSO’s scheme of delegation;
- PHSO’s assurance arrangements will reflect accepted good practice (e.g. built around the ‘three lines of defence’ assurance model).

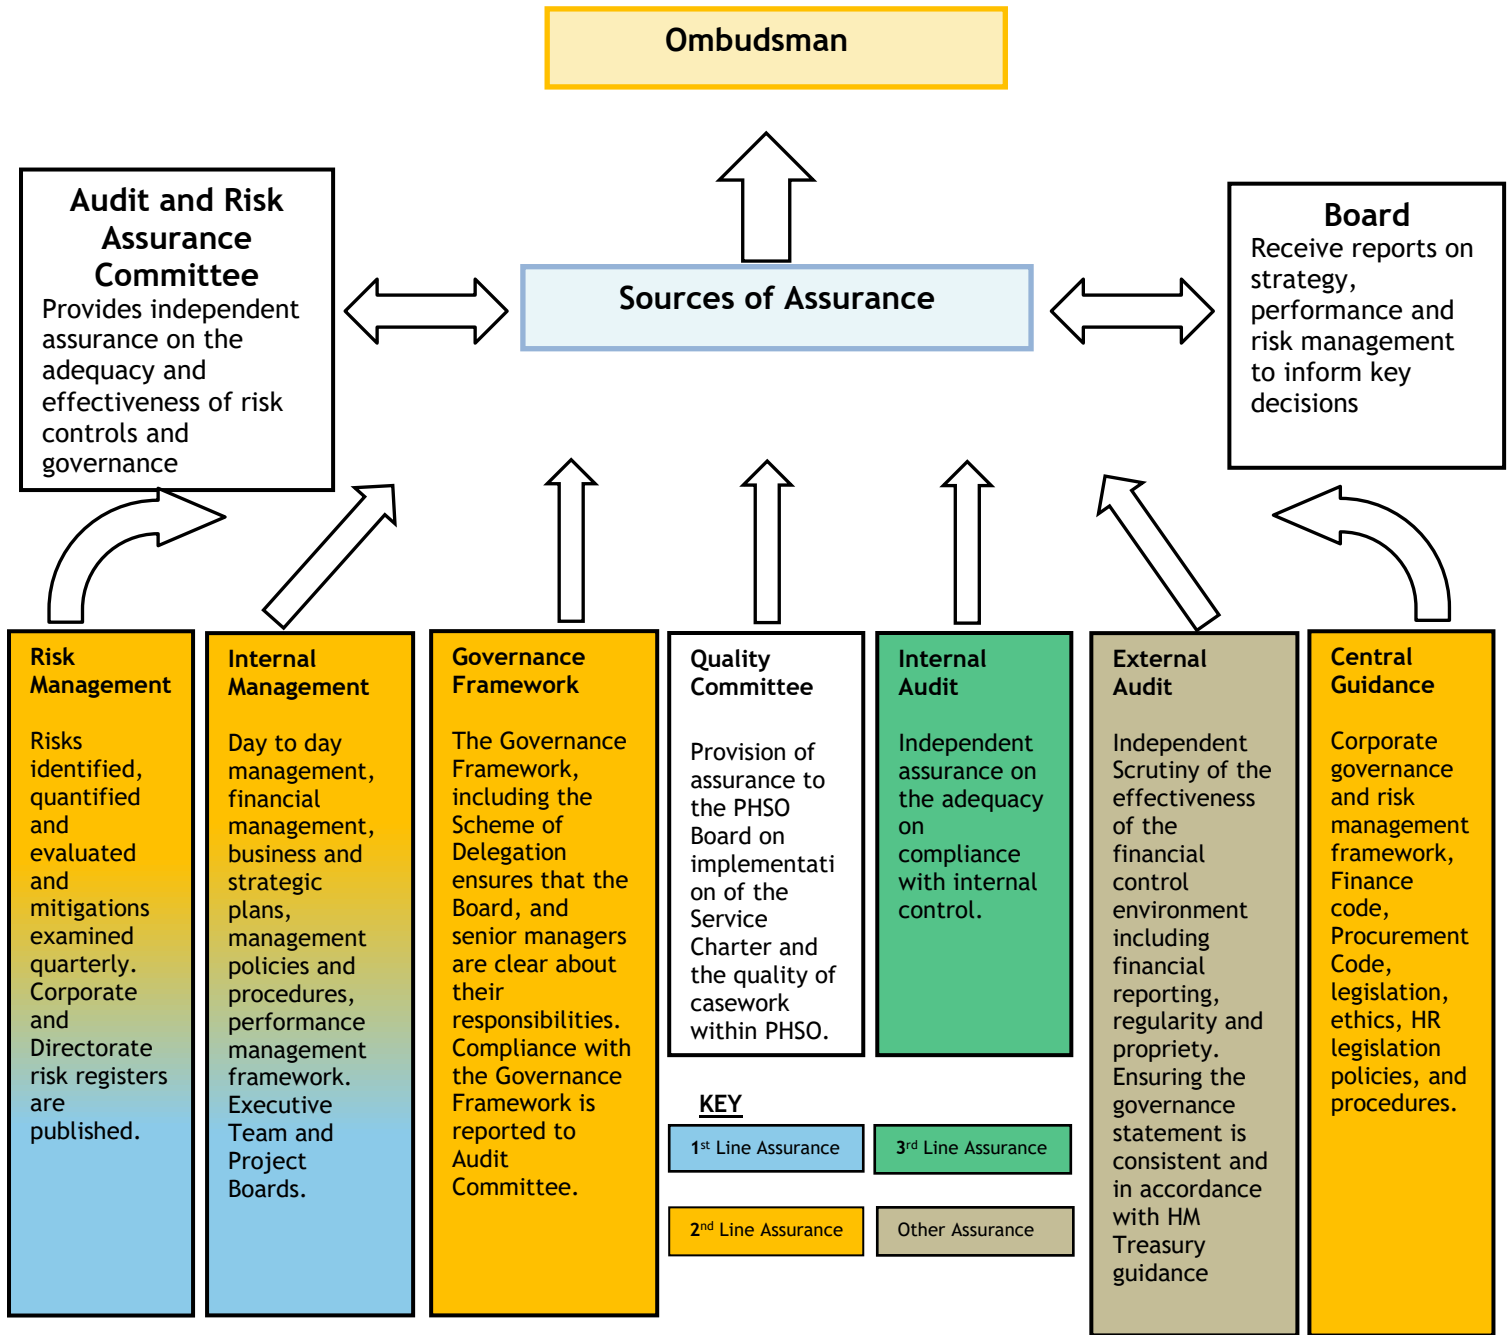

4.4 Sources of Assurance

4.4.1 Assurance is taken from performance reporting, assessing the operation of key processes and their controls, and the management of risks and issues as they arise.

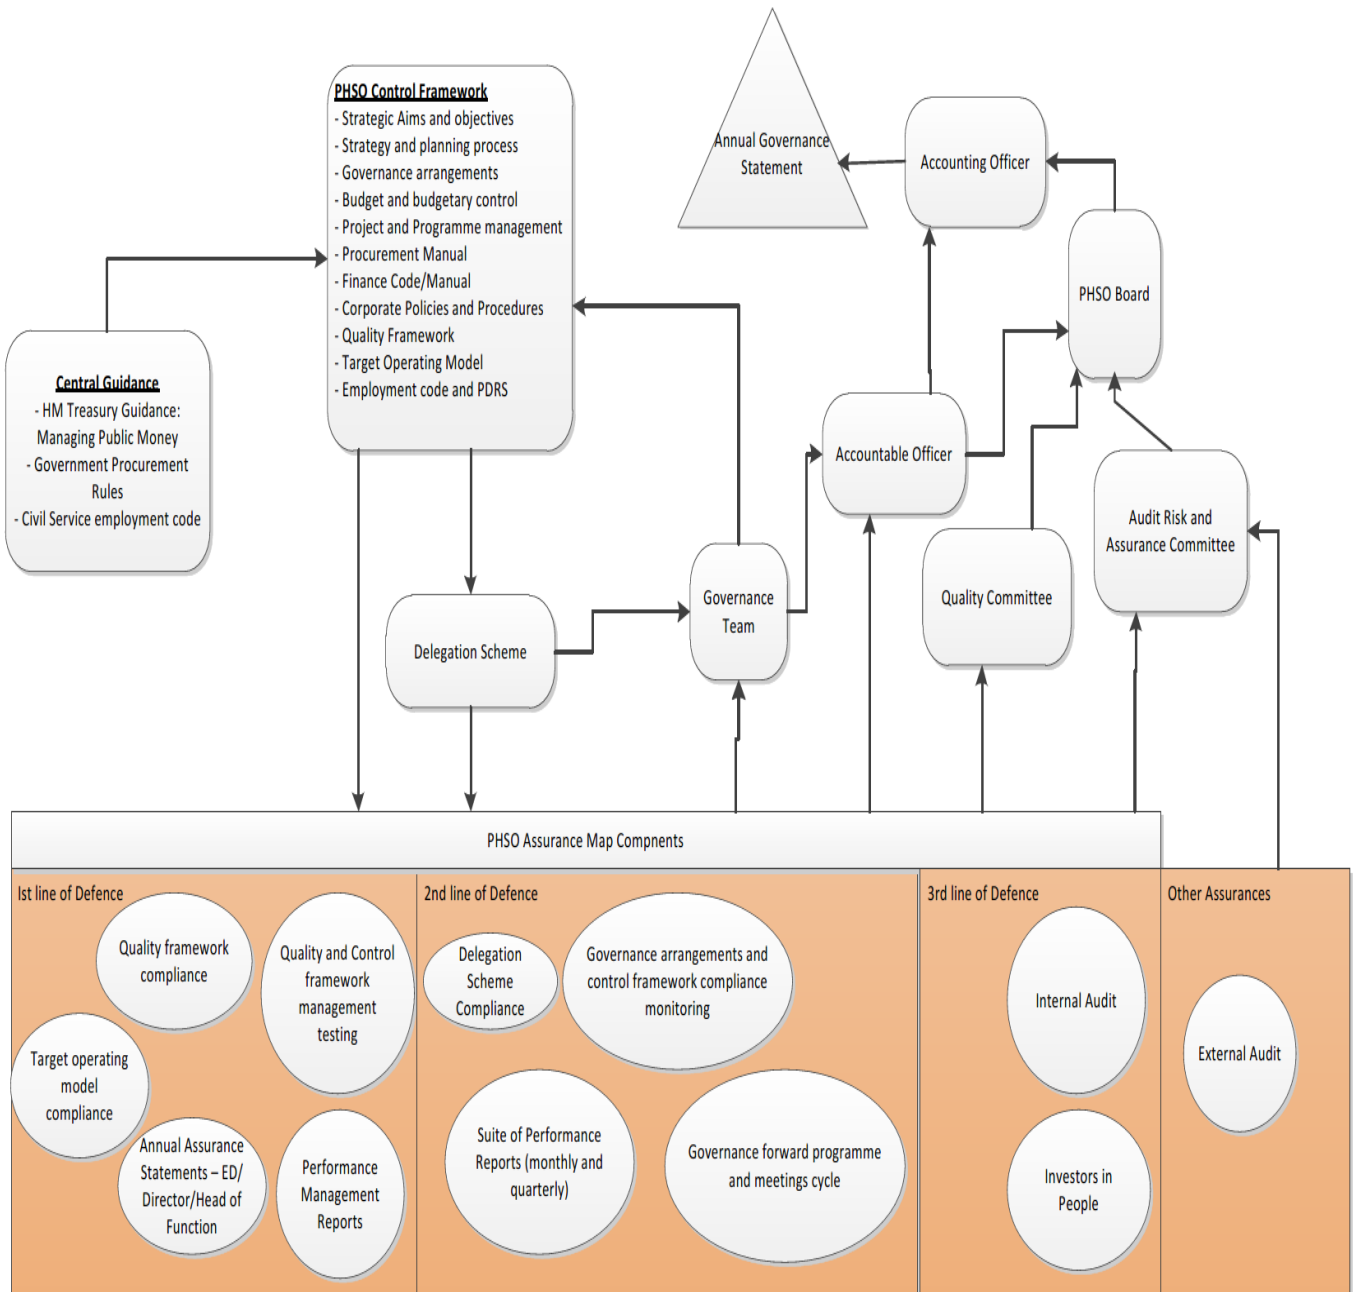

4.4.2 In line with Cabinet Office and Treasury guidance on control and assurance frameworks PHSO operates the ‘three lines of defence’ approach to the provision of assurance. These are set out in the table below:

First line: Management Stewardship (operational delivery)	Second line: Management Oversight	Third Line: Independent Assurance	Other Assurance Outside the ‘Three Lines of Defence’ Model
Description: The processes in place at the ‘front line’ of the business that can be used to derive assurance on how well objectives are being met and risks managed.	Description: The processes associated with the oversight of management activity. Provides management insight into how well work is being carried out in line with set expectations and policy or regulatory considerations.	Description: Independent assurance conducted to provide an Accounting officer with an opinion on the framework of governance, risk management and control.	Description: External Audit (for PHSO NAO). External to the organisation with a statutory responsibility for certification audit of the financial statements.
Examples: Documented business process controls, management information, risk registers.	Examples: Compliance assessments, reviews of policy implementation, setting and monitoring internal guidelines	Examples: Primarily Internal audit but also provided by other independent bodies (e.g. Investors in People).	
Pros/Cons: May lack independence and objectivity but value lies in coming from those who know the business, culture and day to day challenges.	Pros/Cons: Separate from those responsible for delivery. More objective than first line, but not independent of the management chain.	Pros/Cons: Independent/objective assurance. Reliance placed on assurance mechanisms in first and second lines to target effectively areas of highest risk or gaps/weaknesses in control framework.	

4.4.3 Within PHSO there are a number of sources of assurance operating across the three lines of defence that together deliver assurance sufficient to meet the needs of the business. These are set out in the diagram overleaf:

4.5.1 An overview of assurance arrangements is set out in the diagram below:

It is designed to identify the key areas in which the Board (and its Audit and Risk Assurance Committee) seeks assurance on the effectiveness of systems, processes and controls and identifies the sources of those assurances.
- 4.7.2 It is intended to:
- provide a comprehensive view for the Board of key control areas to provide evidence that the strategic risks of the organisation are effectively managed and governed;
 - inform the work of the Audit and Risk Assurance Committee in its role of supporting the Board in ensuring the effectiveness of the system of internal control and risk management;
 - inform the work of internal and external auditors in identifying priority control areas and risks to focus on in the course of their reviews; and
